

FineLine™ Outdoor

Flexible outdoor communication

Stabile – Mobile – Double sided

FineLine Outdoor is an outdoor display system with a durable metal frame on wheels with a textile cover. The double sided cover is printed in high quality and is easy to distribute and change. The metal frame is coated with an UV resistant structure finish. The whole kit is distributed flat and mounted by hooking the frame to the bottom plate and the cover then placed.

FineLine Outdoor is a new generation of pavement sign stand.

Designed by Adder – Made in Sweden

Motif 70x110 cm (Double sided)
Size 70x120x58 cm
Weight 14,5 kg

Sturdy metal frame with double sided textile cover. Bottom plate designed to resist tough weather and wind. Wheels for easy transport and placement. Change cover by removing and placing the new cover over the frame.
